**KING OF CARS WANTS YOU
TO ENJOY YOUR VEHICLE!**

**STANDARD SECURITY PLUS
3 MONTH/3,000 MILE
LIMITED WARRANTY
\$200 DEDUCTIBLE**

STANDARD SECURITY PLUS:

Axle Assembly Components:

(front, rear, four-wheel, and all-wheel drive):

All internally lubricated components within the drive axle housing including: bearings, carrier assembly, gears, thrust washers, shafts, and spacers. Drive axle housing, but only if damaged as a direct result of a Breakdown of a Covered drive axle assembly component.

External Drive Axle Parts:

Axle shafts, center support bearing and mount, constant velocity joints and boots, drive shaft, locking hubs, universal joints and flex discs, viscous coupling.

Air Conditioning System:

Factory A/C – Accumulator/drier; blower motor; compressor; clutch, clutch coil, and pulley assembly; condenser; evaporator; orifice tube; expansion valve; high/low cut-off switch; pressure cycling switch; idler pulley and bearings. Refrigerant is covered only if needed in conjunction with the repair of the above listed parts.

Engine Components:

All internally lubricated components including: camshaft, camshaft bearings, connecting rods, connecting rod bearings, crankshaft, crankshaft bearings, freeze plugs, lifters, mechanical fuel pump, oil pump, oil pump gears, oil pump shaft, pistons, piston rings, push rods, rocker arms, rocker arm shafts, rocker arm pivots, timing chain, timing gears, timing chain guides, valves, valve lash adjusters, valve seats, valve springs, valve guides, variable valve timing parts, and wrist pins. Rotary engine components including apex seal, bearings, eccentric shaft, and rotor, Cylinder head, engine block, or rotor housing, but only if damaged as a direct result of a Breakdown of a Covered engine component.

External Engine Parts:

Cam/valve covers, crankshaft pulley, engine mounts, engine oil reservoir, engine oil reservoir pump, equipment drive shaft, exhaust manifolds, flex plate, flywheel, harmonic balancer, intake manifold, intercooler, oil pan, pulleys, ring gear, supercharger, timing cover, timing belt, timing belt tensioner, timing gears, thermostat, turbocharger, turbo flexplate, turbo wastegate, vacuum pump, water pump.

Transmission (Automatic) Components:

All internally lubricated components including: bands, bearings, carrier, drums, gears, governor, hubs, pump, pump housing, servos, shafts, valve body. Transmission case, only if damaged as a direct result of a Breakdown of a Covered transmission component.

External Transmission Parts:

Torque converter, transmission mounts, vacuum modulator. Transmission (manual) and transfer case components: All internally lubricated components including: bearings, gears, hubs, shafts, shift rails, shift forks, synchronizers. Transmission and transfer case, but only if damaged as a direct result of a Breakdown of a Covered transmission or transfer case component.

External Transmission and Transfer Case Parts:

Transmission mounts. Seals and gaskets are only covered when required for a covered repair.

(Minor loss of fluid and seepage is considered normal and is not a covered repair).

Eliminate Your Worries About Major Repair Costs

A warranty gives you confidence in your vehicle. All you have to do is maintain your vehicle as recommended by the manufacturer. Then, if you have a breakdown, warranty service can be obtained from the selling dealer. If you are more than 100 miles from the selling dealer call 877-428-7252.

Excellent coverage; Coverage for parts and labor costs

Small deductible; Pay only a small deductible for each covered repair.

While traveling outside your coverage area; Service can be obtained in United States and Canada. All repairs must be approved by AVP before beginning any repair. Have the repair shop call 877-428-7252 for approval.
